

REIMAGINED

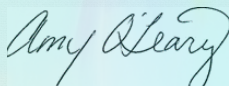

Dear Friends:

As we close our books on another fiscal year and leap forward into the next, Youth Services is an agency REIMAGINED. Throughout our history, we have stayed true to our promises to the community, stood by our trusted partners, and remained a beacon of hope for the families who need us. In recent years, however, it became clear that Youth Services needed to REIMAGINE itself internally and externally to ensure we remained mission-focused and able to respond to the mounting need for services.

This has taken us on a path of expansion in every way – in vision, staff, and – most obviously – in our facility. These changes will enable staff to reimagine their roles and their work and empower our clients to reimagine what therapy means to them. Ultimately, our entire community will be reimaged.

What does a reimaged Youth Services look like to you? Does it ensure that every child has access to mental health services regardless of ability to pay? Is it the first call for schools in need of support? Will it be the first choice for social and emotional support for countless families? The impact of 2024 has provided a clear vision of what Youth Services will be in the future, and we look forward to welcoming you back to our REIMAGINED home in 2025. Thank you for your support.

With Imagination,

Amy O'Leary, LCSW
Executive Director
